

FOG - Gerenciamento dos computadores cadastrados

Os computadores (hosts) já cadastrados no FOG, podem ser gerenciados pelo menu **Hosts » List All Hosts**.

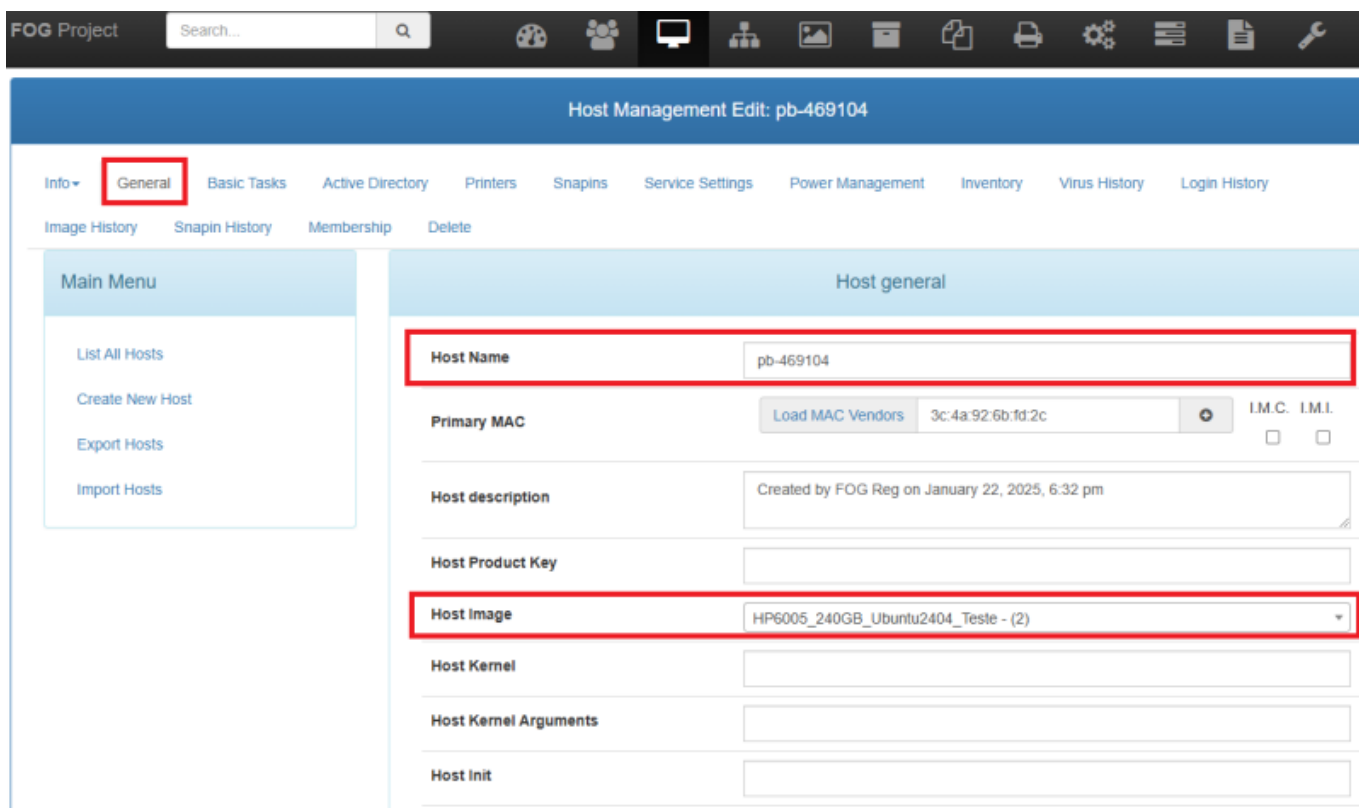

The screenshot displays the FOG Project interface. At the top, there is a search bar and a navigation menu. The 'Host Management' section is active, showing a 'Main Menu' on the left with 'List All Hosts' highlighted by a red arrow. The main content area shows a table of 'All Hosts' with two entries highlighted by a red box.

			Host	Imaged	Task	Assigned Image
?	<input type="checkbox"/>	!	pb-396244 9c:8e:99:49:b1:ea	No Data		HP6005_240GB_Ubuntu2404_Teste
?	<input type="checkbox"/>	!	pb-469104 3c:4a:92:6b:fd:2c	2025-01-22 19:45:58		HP6005_240GB_Ubuntu2404_Teste

Ao selecionar um deles clicando no seu nome, pode-se configurar alguns parâmetros, dentro os quais:

- **General » Host Name:** nome do host, parâmetro importante pois é ele quem irá definir o nome do host no sistema operacional depois de uma restauração de imagem
- **General » Host Image:** imagem associada ao host, se ela já foi definida no grupo ao qual o host pertence, não precisa ser mudado aqui. Porém se for preciso definir uma imagem específica para o host, este é o local onde deve ser configurado

- **Service Settings:** define diversos serviços associados ao host, como **Host Registration** e **Hostname Changer**, por padrão são todos habilitados (manter as configurações padrão)

- **Inventory:** mostra diversas informações do computador, para consulta apenas

Host Management Edit: pb-469104

Host Imaging History

Engineer	Imaged From	Start	End	Duration	Image	Type	State
cogeti	Storage Group: default Storage Node: DefaultMember	2025-01-22 19:44:27	2025-01-22 19:45:58	1 minute 31 seconds	HP6005_240GB_Ubuntu2404_Teste	Deploy	Complete

- **Membership:** mostra de qual grupo o host é membro, podendo remover o host do grupo caso seja necessário

The screenshot shows the FOG Project web interface. At the top, there is a search bar and a navigation menu with icons. The main header is 'Host Management Edit: pb-469104'. Below this, there are several tabs: Info, General, Basic Tasks, Active Directory, Printers, Snapins, Service Settings, Power Management, Inventory, Virus History, Login History, and Image History. The 'Membership' tab is highlighted with a red box. On the left, there is a 'Main Menu' with options: List All Hosts, Create New Host, Export Hosts, and Import Hosts. A red arrow points from the 'Import Hosts' option to the 'Sala Cogeti' group in the 'Remove Groups' section. The 'Remove Groups' section has a search bar and a list of groups. The 'Sala Cogeti' group is selected with a checkbox. Below the list, there are two buttons: 'Remove selected groups' and 'Remove'.
